

SMP Fundraising Event 2012 Riviera Variety Raft Up

Friday 30th March saw a great turn out for the 2012 Riviera Variety Raft Up. SMP Managing Director, Troy Cawthan had set a target of \$1000 for the team to raise for Variety WA and was very pleased with the efforts of everyone involved at SMP.

“I am so pleased that everyone took time to dig deep for this very worthy cause, and that our guys in the field raised \$780 which I was very pleased to match that dollar for dollar” said Troy after the event. SMP also collected staff donations, held raffles and received corporate donations from Turco & Co Accountants, Centro Chambers Insurance and JKC Consulting.

This all assisted in raising the total fundraising effort to **\$2600.00**

SMP would like to extend a big thank you to everyone involved in making this a great fundraising event for Variety WA.

About SMP
